

## LETTER OF INTENT

**The undersigned, as independent citizens of India  
hereby acknowledge our intention to help build a City of Peace.**

A City of Peace, as officially defined by International Cities of Peace, is a community that endeavors to make progress against violence and foster a culture of peace.

A Culture of Peace is determined by the citizens of each community.

As a guideline, United Nations Resolution A/RES/52/13 defines a Culture of Peace as a set of values, attitudes, modes of behavior and ways of life that reject violence and prevent conflicts by tackling their root causes to solve problems through dialogue and negotiation among individuals, groups, and nations.

For peace and non-violence to prevail, we endeavor to:

- Foster a culture of peace through education
- Promote sustainable economic and social development
  - Promote respect for all human rights
  - Ensure equality between women and men
  - Foster democratic participation
- Advance understanding, tolerance and solidarity
- Support participatory communication and the free flow of information and knowledge
- Promote international peace and security
