CITIES OF PEACE

1000 Cities of Peace by Year 2025

International Cities of Peace is working to ensure everyone's right to safety, prosperity, and quality of life -- the practical consensus values that can change the lives of billions and take global peace from dream to reality.

Here is how your community can help make progress toward local and global peace.

Agreed: No city is 100% a City of Peace.
We all endeavor toward that ideal.

International Cities of Peace is a **positive, non-political, non-divisive platform to inspire "in-situ" leaders** to create bridges to all parts of the community for mutual benefit.

Nearly 400 municipalities in over 70 countries on all 6 continents are **localizing a culture of peace to prevent, resolve, manage, and transform the ravages of violence.**

WHY International Cities of Peace?

Vision: To ensure everyone's right to safety, prosperity, and quality of life, the consensus values of global peace.

WHAT do we do?

Mission: Build a scalable network of "in situ" teams committed to peace-building in Cities of Peace around the world.

HOW do we achieve our vision?

Goal: To certify and recommend thousands of self-organized municipalities as Cities of Peace in order to put in motion a tipping force for global peace.
