## **Capacity Building Job #1:**

**Deliver Tools and Resources.**

- 1. Ensure FREE dynamic, real-time web pages for 400 Cities of Peace.**
- 2. Implement essential technology to achieve 1000 Cities of Peace in 100 countries by year 2025!**

**You are essential.**

**Growing. Working. Achieving.**

**Hundreds of City of Peace Teams are working each and every day.**

**Cities worldwide are jumping on board International Cities of Peace at an accelerated rate. Our 13-year network is approaching 400 Cities. We are heading towards 1000 by the end of year 2025!**

**Guanajuato, Mexico: City of Peace**

**However, such a vision for the future is not a done deal.**

Nakivale Refugee Camp, Uganda: City of Peace

**WE need** simple, relevant, dynamic, and interactive technology to meet the varied needs of our diverse cities.

**We need** more capacity in web-based automation technology to facilitate hundreds of municipalities applying, establishing, and ultimately engaging in our network in this urgent need to transform their communities.

**We need** easy-to-use online technology that will enable a careful and swift application process and real-time web-page presence.

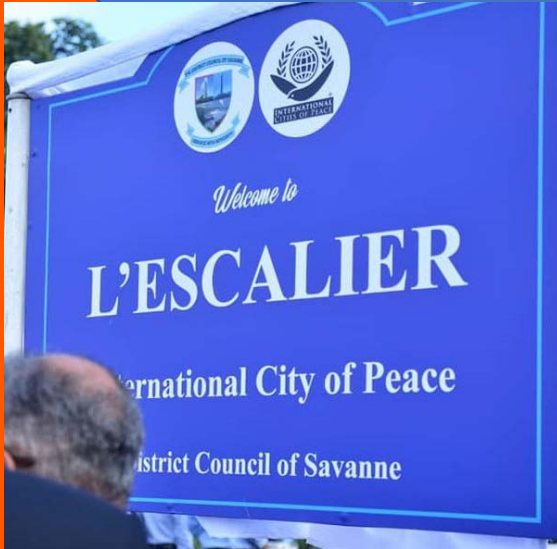

School for Girls in Herat, Aghanisan, 2017-20

## International Cities of Peace

is working to ensure everyone's right to safety, prosperity, and quality of life through a **scalable network of on-the-ground teams** committed to peace building that parallel their local needs.

This means peace of mind; peace within families and neighborhoods; peace within organizations and activities that build community peace.

We **are localizing a culture of peace** to prevent, resolve, manage and transform the ravages of violence and divisiveness – seen and unseen at the core of our communities.

L'escalier, Mauritius: City of Peace

Our cities range from countries with citizens at great risk, such as Uganda, Nigeria, Gaza and Columbia, while cities in North America, Asia and Europe are implementing programs that dissolve hate, prejudice, and stereotypes.

We encourage partnerships with organizations so that there is greater participation. City of Peace teams have partner with the Rotary Clubs, Libraries, City Government, Faith Groups, Businesses , Veterans, Arts and Wellness Organizations and First Responders.

Dayton, Ohio. U.S.A.: City of Peace

## Peace Now. Peace for the Future.

International Cities of Peace is developing and nurturing the next generation of peace leadership.

We need to build infrastructure and capacity that matches today's world –

Technology is KEY.

We still have a **Heavy Lift** – we hope you can be part of the team that achieves it!
