TIPS FOR APPLYING AS AN INTERNATIONAL CITY OF PEACE!

Welcome! Registration is quick and easy -- especially when you have the information ready to complete the online Application. Our **recommendation is to create an extensive Word document or PDF prior to filling in the application with all photos and formatted text** that tells your full community story. Then, **copy and paste smaller text blocks** into the Register Form option shown below. The text displayed will be in one linear paragraph (from 500 to 2000 characters). An extensive, formatted PDF can be uploaded on your Profile to tell your deeper story. Here's what you'll need:

1. **BASIC CONTACT INFORMATION:** The **Primary Liaison,** the leader for two-way communication with our association, will be the only one able to add information and make changes (important to consider from the start!). A **Second Liaison** is an option (without login ability). You can write about you and your Team in the "About the Liaison" field. **Four signatories** (names and emails must be legitimate) are needed to approve the initiative. **Options** also include your personal peace statement, community website and/or Facebook page, community organizational partners, and more.
2. **ABOUT YOUR COMMUNITY:** You must live and/or work in the **specific community**: a neighborhood, town, or section of a larger City. Use "Search" on our website to see if it is already a City of Peace: www.internationalcitiesofpeace.org . There can only be one for each community, which will be featured in short "**About Your Community**". Use the PDF upload to give details on the challenges, historical and current issues, as well as successes and solutions.
3. **VISION, MISSION, GOALS:** Very important and profound! Provide an overview **vision, mission and specific goals and objectives** for how you will work to increase safety, prosperity and quality of life in your community.
4. **PHOTOS:** Add **three (3) photos that you have personally taken or have written copyright permission for usage** by International Cities of Peace (no photos from the Internet because of liability). One photo of the overall community, one of a peace activity, one of you and/or your peace team.

Option 1 LINK: FREE LISTING PROFILE. All communities deserve to be a City of Peace! Your Profile will include a listing, short profile and announcement.

Option 2 LINK: ROTARIANISM CITIES OF PEACE™. Rotary Clubs can initiate a City of Peace legacy and real-time updates. The positive impact Rotary Clubs have on communities is often unheralded. **Let your Rotary Club's Community-wide Story be Told!**

Option 3 LINK: SUSTAINING MEMBER WEB PAGE. A more extensive, updatable web page to highlight your community and help support ICP. Suggested donation requested.

All "Required" fields (shown with asterisk *) must be filled in completely (fill in "TBD" or upload a temporary photo or file if you need more time). Sometimes it takes several times before you complete all fields and see a "Thank You for applying..." web page after you click the "X". Ensure that all checkbox fields are completed. You can put TBD in required fields where you do not have the info or photos. For support: inspire@internationalcitiesofpeace.org
