

TIPS FOR APPLYING AS AN INTERNATIONAL CITY OF PEACE!

Welcome! Registration is quick and easy -- especially when you have the information ready to complete the online Application. The fields, such as "About the Community", are for overview text. Our **recommendation is to create an extensive Word document or PDF with photos and formatted text -- offline --** that tells your full community-wide story. Then, **copy and paste smaller text blocks** into the Register Form. The text displayed will be in one linear paragraph (from 500 to 2000 characters). An extensive, formatted PDF can be uploaded on your Profile to tell your deeper story. Here's what you'll need:

1. **BASIC CONTACT INFORMATION:** As **primary Liaison** (the leader who will provide two-way communication with our association), you will enter your name, email and address as well as a short "about me". The primary Liaison will be able to update the Profile. **Four additional signatories** (verified names and emails) are needed to approve the initiative. **Options** can include your personal peace statement, a secondary Liaison/email, website, Facebook page, and community organizational partners.
2. **ABOUT YOUR COMMUNITY:** You must live and/or work in a **specific community**: a neighborhood, town, or section of a larger City. Use "Search" on our website to see if it is already a City of Peace: www.internationalcitiesofpeace.org . If not, use fields such as "**About Your Community**", to give an overview then use the PDF upload to give details on the challenges, historical and current issues, as well as successes and solutions.
3. **VISION, MISSION, GOALS:** Very important and profound! Provide an overview **vision, mission and specific goals and objectives** for how you will work to increase safety, prosperity and quality of life in your community.
4. **PHOTOS:** Add **three (3) photos that you have personally taken or have written copyright permission for usage** by International Cities of Peace (no photos from the Internet because of liability). One photo of the overall community, one of a peace activity, one of you and/or your peace team.
